

“Thin Film Fabrication of the Functional Materials by the Molecular Precursor Method utilizing the Metal Complexes”

Mitsunobu SATO

Prof. Sato graduated from the Graduate School of Engineering, The University of Tokyo in 1982. He received PhD. in Engineering. He joined the research department of science and technology, National Science Museum in 1982. From 1991 to 2002, he was a lecturer and an associate professor in the Faculty of Engineering, Kogakuin University (Tokyo Urban Tech). Since 2002, he has been a professor in Chemistry, the Faculty of Engineering, Kogakuin University (Tokyo Urban Tech). He has been engaged in research in the fields of materials science and nanotechnology.

Vice-President of the Society of Pure and Applied Coordination Chemistry
Board Member of the Japan Society of Coating Technology
